

## 关于产品质量指标提升的告知函

### Notification Letter on the Improvement of Product Quality Indicators

As a company that has always been committed to providing high-quality products and services to our customers, we are delighted to see by you that, in order to further enhance the quality of our products and services, we have decided to improve the

of product quality indicators. The improvements, the products involved, and the target improvement rates are as follows:

#### 1. Improved Product Indicators

1. **Product A**: This indicator within the QC will be improved from 95% to 98%. The improvement will be completed by the end of 2024.

#### 2. Improved Products

1. **Product B**: This indicator will be improved from 90% to 95%.

for 960, 960A and 988A.

2. Break-in strength: The indicator will be improved from  $>0.40$  N/tex to

$\leq 0.45$  N/tex for 312.

3. Linear density: The indicator variation will be improved from  $\pm 5\%$  to  $\pm 4\%$

for 960, 960A and 988A.

## Chopped Strands Products

1. Combustible content: The indicator variation will be improved from

$\leq 1.5\%$  to  $\leq 1.0\%$  for 960, 960A and 988A.

2. Length: The indicator will be improved from

$\leq 1.5\%$  to  $\leq 1.0\%$  for 960, 960A and 988A.

3. Linear density: The indicator will be improved from

$\pm 5\%$  to  $\pm 4\%$  for 960, 960A and 988A.

4. Break-in strength: The indicator will be improved from

$\leq 0.40$  N/tex to  $\leq 0.45$  N/tex for 960, 960A and 988A.

5. Length:

4. Longitudinal and transverse tensile strengths: Will be improved for 312 specifications.

## Woven Rappings

1. Area weight: The indicator variation will be improved from  $\pm 5\%$  to  $\pm 4\%$ .

2. Modulus: The indicator will be improved from  $\pm 5\%$  to  $\pm 4\%$ .

3. Warp-wise breaking strength: Will be improved for 30 specifications.
4. 'Weft-wise' breaking strength: Will be improved for 28 specifications.

We plan to gradually implement the improvement of the above product quality indicators starting from January 2024, covering our company and its subsidiaries.

As a result of the improvement, we will improve the product quality of our products and services, and will issue the testing reports for products manufactured

from January 2024 onwards. We will continue to improve our product quality and service quality, and will issue the testing reports for products manufactured

from January 2024 onwards. We will continue to improve our product quality and service quality, and will issue the testing reports for products manufactured
